RECESSED INSTALLATION ON PASS-THROUGH GROOVE

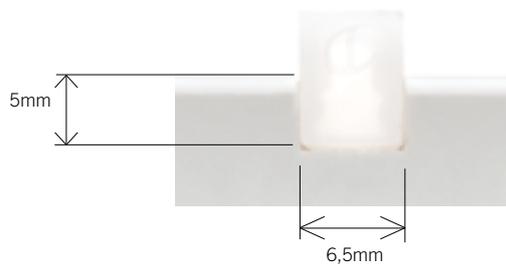

SEMI-RECESSED INSTALLATION ON PASS-THROUGH GROOVE

APEX 86 HI is designed for **recessed installation flush with panel on pass-through groove** having 6.5 mm width and 8 mm depth, or **semi-recessed installation on pass-through groove** having 6.5 mm width and 5 mm depth.

The specific **APEX 86 HI**'s shape allows the profile to be installed perfectly flush with the panel without emerging from the milled groove.

The **APEX 86 HI** profile design can be used also for semi-recess installation, guaranteeing a 180° light projection.

For LED converters and accessories see page 76 or consult the **Domus Extra catalogue** also available on www.domusline.com.
