

LINEO

Giuseppe Bavuso
design

LED luminaire for under cabinet lighting

Materials:

thermoplastic polymers, polycarbonate

Finishes:

steel, black touch

Light source:

SMD LED module

Wiring:

2000mm

Application type:

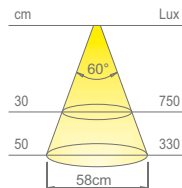

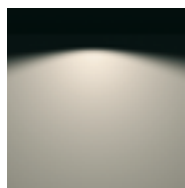

under cabinet, under shelf

Installation:

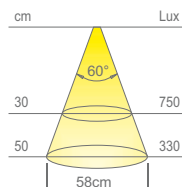

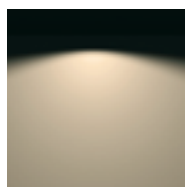

surface

Patented

The minimal design of **LINEO** makes it perfect for under-cabinet installation. The peripheral illuminating body, with diffuser just 4 millimetres thick, ensures the right light projection from a slim, minimally invasive luminaire. Available with steel and black touch finishes. **LINEO** is also configured with master dimmer touch sensor which switches on and off and dims the light of each single luminaire and of all the luminaries connected to it.

Colour appearance natural white
Colour temperature 3900 K
Luminous flux 360 lm
Luminous efficiency 72 lm/W
CRI Ra ≥ 90

Colour appearance warm white
Colour temperature 3000 K
Luminous flux 360 lm
Luminous efficiency 72 lm/W
